Graph of the Week

January 9-13, 2017

Analyze the graphs below and write a reflection on what you think the graphs are communicating to you. To guide you with your response, start with some observations.

- What is the topic of each graph?
- What does the x-axis represent? What does the y-axis represent?
- What are some observations that you can make based on the graph?
- What do you foresee happening in the next 10 years?

Questions to ask when reading graphs:

- Is there an upward or downward trend?
- Are there any sudden spikes in the graph?
- What is being compared in the graph?
- What prediction can I make for the future?
- What inferences can I make about the graph?

Gas Usage History *(Total Therms used)*

	Dec 15	Nov 16	Dec 16
Total Therms used	113	21	84
Daily average Therms	3.7	.8	2.7
Days in billing cycle	31	28	31
