Graph of the Week

February _____, 2017

Analyze the graphs below and write a reflection on what you think the graphs are communicating to you. To guide you with your response, start with some observations.

- What is the topic of each graph?
- What does the x-axis represent? What does the y-axis represent?
- What are some observations that you can make based on the graph?
- What do you foresee happening in the next 10 years?

Questions to ask when reading graphs:

- Is there an upward or downward trend?
- Are there any sudden spikes in the graph?
- What is being compared in the graph?
- What prediction can I make for the future?
- What inferences can I make about the graph?

THE NUMBER ONE

The best selling car in the U.S. for 2015 was the **Ford F-150**

RANK	MAKE	MODEL	VEHICLES SOLD
1.	Ford	F-Series	780,354
