

Graph of the Week

April 7-11, 2014

Analyze the graphs below and write a reflection on what you think the graphs are communicating to you. To guide you with your response, start with some observations.

- What is the topic of the graph?
- What does the x-axis represent? What does the y-axis represent?
- What are some observations that you can make based on the graph?
- What do you foresee happening for the next five years?

Questions to ask when reading graphs:

- Is there an upward or downward trend?
- Are there any sudden spikes in the graph?
- What is being compared in the graph?
- What prediction can I make for the future?
- What inferences can I make about the graph?

Coachella by the numbers

Here's an overview of the 166 acts performing at Coachella based on the overarching genre in which they make music.

By genre

By country

*Includes artists or groups whose nationality stretches across borders.

By gender

130
acts fronted
by men.

33
acts fronted
by women.

3
acts fronted
by men and
women.
